Foreword

Iranian Veterinary Surgery Association (IVSA) officially started international affairs in 2004 by upholding the first international symposium of veterinary surgery (ISVS). The main activities of IVSA were: publishing an English Language Journal (Iranian Journal of Veterinary Surgery) for the past 7 years, publishing a Farsi language extension journal entitled “Healing”, managing works through “www.ivsa.ir” and “www.ivsajournals.com” websites, publishing an electronic newsletter “Hod Hod”, upholding ten national symposium of Veterinary Surgery, Anesthesia and Diagnostic Imaging (ISVSAD) in cooperation with 10 universities and presenting over 2200 articles in different related fields, upholding three International Symposium of Veterinary Surgery (ISVS) and presenting over 600 articles in English with attendance of 80 delegates from different countries like England, France, Germany, United States of America, Canada, Uruguay, Newzland, Netherlands, Slovenia, Austria, Belgium, Turkey, Pakistan, India, Iraq........

On behalf of IVSA it is my great pleasure to thank all the people who were responsible for our activities. Without contribution of our sponsors (Sanadam Pars, Rooyan Darou, and Aboureihan as our gold and silver sponsors, Nikmehr roshana, Pararin as Bronz sponsors, and Viva pars, Ceva pars and Golbid), Kazeroun Islamic Azad University, Mahan Air and Regional information centre for science and technology, organizing of this meeting was impossible. Kind contribution of different departments/ sections of Ferdowsi university of Mashhad are also greatly appreciated.

Special thanks to IVSA secretariat (Dr. Hamideh Zeinali, Dr. Negar Karimi and Dr. Fahime Mohamadi), ISVS secretariat (Dr. Faeze Alipour) for their intensive works in organizing this event. Many thanks to Dr. Samane Ghasemi and Dr. Hooman Mesgarani for their kind follow up. This is to appreciate Professor Kamran Sardari, Dr. Masoud Rajabioun and scientific committee members for their intensive works and arrangements. Dr. Hosein Kazemi and Dr. Ali Mirshahi did excellent jobs in organizing committee besides Dr. Mohamadreza Emami. The last but not the least are dear students of veterinary faculty who their kind and warm presence and contribution made everything possible and smooth.

And finally thank you for participation and hope that we can provide unforgettable memories.

Sincerely yours,

Ahmadreza Mohamadnia

Proceeding of the 4th International Symposium of Veterinary Surgery (ISVS)
21-23 Oct 2014, Mashhad, Iran
Dear Colleagues,

On behalf of the Iranian Veterinary Surgery Association (IVSA) and the Surgery Section, School of Veterinary Medicine, Ferdowsi University of Mashhad, it is my pleasure to welcome all to 4th International Symposium of Veterinary Surgery (ISVS2014) at Mashhad, Iran.

Since its inception in Shahrkord in 2004, IVSA has held 10 national and 3 international symposiums. All have been successful in promoting our charter as the “go-to” resource for cutting-edge scientific information on animal Surgery, Anesthesia and Diagnostic Imaging, which is relevant, useful and applied.

This is a compilation of oral presentations (invited papers and submitted abstracts) and poster presentations (submitted abstracts) contributed to the 4th International Symposium of Veterinary Surgery (ISVS2014) at Mashhad, Iran. The scientific committee selected 310 abstracts from all submissions. The papers and abstracts have undergone minor editorial revisions, but have not been peer-reviewed.

On behalf of the Scientific Committee, I thank the authors for their willingness to participate in this meeting and for sharing their inputs to the symposium.

Finally, I believe that the original purpose for establishment of this symposium is even more relevant today than it was in 1997. Our mandate was to establish a truly international event dedicated to providing bridges between the science and application of Surgery, Anesthesia and Diagnostic Imaging in animals, which are of use to mankind. Again, your input on how best to leverage our unique relevance is highly valued.

We look forward to a great meeting which is made even more enjoyable by your presence and support.

Welcome to ISVS 2014, Mashhad, Iran.

Sincerely yours,

Professor Kamran Sardari
Chairman of the Scientific Committee of ISVS 2014
